# General Manager's Message

By Chris Brosius, GM & PGA Professional

Hopefully, the weather starts to get up to par so we can make a few pars of our own. So, wipe those cobwebs from your clubs and come out to MDCC and hit a few golf balls or roll a few putts.

## **Golf Course**

I know some of you have had the courage to bare through the tough conditions out on the golf course with the weather. I have heard many great comments about the golf course. Kurt and his staff have been working daily to improve the conditions for everyday play. The aerification of the greens in early April went great. Kurt completed the task in two days and 18 holes were open the following day for golfers. The weather that followed helped the process but green aerification is now over until the end of September. He has been patching the cart path to make it more smoothly for now as we try to save for a new cart path in the future. Also, the water coolers painted and weeds cleaned up around the flower beds. Our goal is to continue to improve the everyday playing conditions.

## **Club House**

It's been a long time and many years of discussion, but the owners have replaced the roof. This winter really showed the aging of the old roof. We will now have a dry building when the heavy rains or snow in the winter time. Next on the list is the cart paths and hopefully no more issues that are

## **Dining Room**

Easter brunch was a great success. We had over 200 people enjoy their Easter at MDCC. Thank you to everyone who participated. We will be having entertainment on Friday, May 15th. Mother's Day Brunch will be on Sunday 10<sup>th</sup>. Make your reservations now as there are limited spots available. Please see in newsletter the Cinco Di Mayo food and drink specials in the month of May.

## **Golf**

May is the start of the opportunities to show off your golf game. Please continue to sign up for golf events on the sheets as you walk into the golf shop. Review the golf article in the newsletter to find dates and times of each event. Also, please review the golf course closures. When the course closes, morning and afternoon tee times are still available to play. If you would like a tee time at one of our reciprocal courses, please provide, time and names of players at least 24 hours in advance to ensure you have a place to play. I am looking forward to seeing everyone on the links!

## **Membership - Consistency - Family**

I can't thank the membership enough for all your continued support!

## Superintendent's Message

By Kurt Wittman, GCS

Greens aerification went very well and with the warm weather greens should heal quickly. We will be rolling and mowing greens, as needed, to keep the greens rolling smooth. Irrigation leaks are a popping up from the cold winter. We are continually repairing with new sprinkler heads and parts for a consist flow of water pressure. Please contact golf shop if you see a leak so we can take care of it as soon as possible. Thanks, and see you on the links!
